

QR Code Labels

Custom QR Code Labels for Restaurants & Takeout Packaging

Turn every takeout order into a direct marketing channel.

Create custom QR code labels in minutes using our built-in QR Code Generator—no design experience needed. Link customers straight to your menu, website, Google reviews, ordering platforms, or social media.

Designed for takeout bags, cups, boxes, and food containers, these QR code stickers help you turn offline customers into online traffic, reviews, and repeat orders.

Increase Google reviews, boost direct orders, and grow customer engagement—all from your packaging.

Every order includes free professional design support from real designers who check your artwork for clarity, accuracy, and print quality.

Your artwork is securely saved for fast reorders, so you can keep your branding consistent as you grow.

Why Restaurants Choose QR Code Labels

- Turn packaging into a 24/7 marketing tool
- Drive more Google reviews and online visibility
- Increase direct orders and reduce third-party fees
- Send customers directly to menus and ordering pages
- Promote social media and special offers instantly
- Build repeat business from every order
